Position: Millwright Maintenance Technician
Available Part-time hours – Flexible Monday-Friday

Millwright Responsibilities

Sawmill troubleshooting, repair, assembly, and preventative maintenance; proficiently to fabricate equipment and make modifications; repair or replace chains; belt conveyors; gear boxes/drive chains; hydraulics & pneumatics; welding/cutting; and using power tools. Provide skilled mechanical and electrical/electronic support to all areas of manufacturing.

Position Requirements:

5 Years of industrial maintenance and electrical experience. (Sawmill &/or manufacturing experience is a plus)
2 years' recent verifiable related work history required

Have basic tools of the trade.

Strong self-starter with the ability to work both independently and as part of a team.

Identify all safety risks and requirements.

Good written and verbal communication skills.

Knowledge of pneumatics and hydraulics

Support manufacturing by maximizing plant uptime and provide support for facility systems in a safe manner,

Basic Qualifications:

Must possess and maintain a valid driver's license.

High School diploma or GED.

Must be able to meet all pre-employment conditions.

Must be able to pass drug screen and background check.

Maintain records for required regulatory, and company procedures.

Physical Requirements:

Essential duties include but are not limited to stooping, climbing, and crawling in and over machines for repair purposes and the ability to lift 50 to 100 pounds. Ability to work well in high places, use man lifts, and work in confined spaces.

There is occasional heavy lifting and working in both hot and cold work environments

While performing the duties and responsibilities of this job, the employee is regularly required to sit, stand; walk; use hands, handle, or feel; reach with hands and arms; and communicate

The work environment is usually loud in noise and will be exposed to moving mechanical parts, fumes, airborne particles, outside adverse weather conditions, vibration, wet and/or humid conditions, high precarious places, dust, dirt, grease, and machine noise.

Why Choose Sell Lumber?

Sell Lumber is a second-generation family-owned company, born and raised in Northern California. We specialize in custom lumber milling and heavy construction timbers. Not many mills do what we do. For over 65 years Sell Lumber continues to grow and expand, but what matters to you is that we are going to be around for a long time. We are not "just a job", we offer opportunities for a long-term career. Sell Lumber cares and understands life happens. We do our best to help you support your family with the long-term career path you are looking for. We offer a partial benefits package after 1 year of employment. We do not practice regular seasonal layoffs. Lumber and milling are not a dead industry by far. With recent ecological and climate-related changes, the timber industry is an answer to clean up and fix some of the devastation. Be a part of our continued growth. Join our family with the only renewable construction material.
